"Don't miss out on time with your Girlfriends & God"

Girlfriends and God Presents the New Stage Production "The Retreat" For Immediate Release

Bible study just got a little more interesting, thanks to the new production, *Girlfriends & God: The Retreat*. This production is an act of faith and a work of heart that is inspired by the book, "Girlfriends & God" written by Kristy Jackson. "Girlfriends & God," provides a year's worth of relatable devotionals, menus, music, outreach ideas and crafts for women's bible or fellowship meetings. Jackson shares, "It's exciting to see women coming together and sharing life through the fellowships. I'm grateful to put out a book from my heart expressing my love for God and people". Jackson's husband, James, a minister and professional drummer for the jazz band *Good 4 the Soul*, produced the "Worship in Your Presence" CD that is a companion to the book.

Jackson has recently produced a new stage production, "Girlfriends & God: The Retreat", that centers around a collage of stories of women who use the *Girlfriends and God* devotionals to work through life issues. Ms. Kristy, the main character, welcomes a group of women for a week-long retreat. The audience will learn about the women through their revealing monologues and original music that give the audience a peek into their past. The retreat ends with a surprising occurrence that binds the women together. The production, "Girlfriends & God: The Retreat", challenges the women to "love and not judge" others through touching monologues and humor that will allow others to connect to the importance of sharing their story. "The Retreat" runs August 27-29 at 7:00 p.m. nightly at the Webster Groves High School Little Theater on 100 Selma Ave. 63119. General Admission and VIP tickets are available online <http://girlfriendsandgod.bpt.me>, in advance and at the door.
